• **58-04-01. Annual township meeting - When held - Change in meeting place - Notice** •
 The electors of each township annually shall assemble and hold a township meeting in the month of March at the place in the township or in an adjacent township designated by the board of township supervisors. Notice of the time and place of holding the meeting must be given by the township clerk at least ten days before the meeting by publication in a legal newspaper published in the township or, if there is no such newspaper, then in the county's official newspaper. Before a change in the place of holding the annual township meeting is made, notice of the contemplated change may be given by any member of the board of township supervisors to the township clerk, who shall have such change published if time allows. Otherwise, the township clerk shall post notice of the change. If an incorporated city is wholly or partially within the boundaries of the township or an adjacent township, all township meetings may be held at the place within an incorporated city designated by the board of township supervisors.

CULVERTS, DITCHES AND RUN-OFF

Maintenance of ditches and right-of-way property is a shared responsibility. Landowners share maintenance of roadside property whether mowing weeds or grass, trimming overhanging tree limbs and maintaining flow and transit for water drainage. If you see an issue with a snow or ice-plugged culvert and know you will need help with snow removal or a quick pump set, please contact the township.

INTERSECTION RULES

Most interior subdivision intersections are uncontrolled (not signed). ALL traffic needs to abide by the standard "Rules of the Road" as they approach these intersections. North Dakota DMV Handbook (ND Driver's Manual) 2023 (driving-tests.org) - page 19.
